Hi Ellie and Chad,

We are mailing out letters today requesting draft 401 certification on the Lower Snake River Army Corps dams. Those are Ice Harbor Lock and Dam, Lower Monumental Lock and Dam, Little Goose Lock and Dam, and Lower Granite Lock and Dam. Please let me know if you have any questions, and looking forward to connecting sometime next week. Therefore, at this point, we have 8 dam permits for which we are requesting draft 401 certification. I am also working on the Grand Coulee Dam permit and can give you a status update when we talk next week.
